## DISCIPLINE POLICY AT PLG Kids Academy

At PLG Kids Academy we try to communicate to the children our rules and expectations in a very positive manner. Our methods of discipline encourage self-control, self-discipline, self-esteem and cooperation. Any physical or emotional punishment is prohibited. Our goal is to teach self-discipline and the ability to get along with their companions and superiors, with respect and responsibility. Children are taught that unacceptable behaviors will not be tolerated at school or in the outside world.

We enforce our rules by designing appropriate tasks according to the age level of the children so as to make them more interesting and effective. If a teacher sees that a child is not paying attention or is misbehaving he / she will try in a gentle way to change this behavior voluntarily, and if this does not work he / she will try to speak to him/her and ultimately remove the child from the main area and have him/her take a time until the child understands the situation. If the child continues with an unacceptable behavior the teacher will have the Director discuss the matter with his / her parents to determine a proper solution to the problem. In case the negative behavior persists, dismissal of the child will be applicable.

In summary when it becomes necessary to discipline a child, these are the steps we follow:

- Talking to the child to help him/her see how he/she is misbehaving and giving him/her the opportunity to correct such behavior.
- Separating the child from the activity being disrupted to provide him/her time to calm down and understand the situation.
- Isolating the child from the entire group (sitting on a chair apart from the others) unless the group is engaging in physical activity, active play or playground time.

**CHILDREN MAY NOT BE DENIED ACTIVE PLAY, FOOD OR TOILETING AS A CONSEQUENCE OF MISBEHAVIOUR.**

- Holding a meeting with the parents, to see if we can work out the problem, before it is necessary for the child to withdraw from the school.
- Corporal punishment is not permitted.

**THANKS FOR PARTICIPATING!**

During the 2009 legislative session, a new law was passed that requires child care facilities, family day care homes and large family child care homes provide parents with information detailing the causes, symptoms, and transmission of the influenza virus (the flu) every year during August and September.

My signature below verifies receipt of the brochure on *Influenza Virus, The Flu, A Guide to Parents:*

Name: \_\_\_\_\_

Child's Name: \_\_\_\_\_

Date Received: \_\_\_\_\_

Please complete and return this portion of the brochure to your child care provider, in order for them to maintain it in their records.

## What should I do if my child gets sick?

Consult your doctor and make sure your child gets plenty of rest and drinks a lot of fluids. Never give aspirin or medicine that has aspirin in it to children or teenagers who may have the flu.

## DOCTOR RIGHT AWAY IF YOUR CHILD:

- Has a high fever or fever that lasts a long time
- Has trouble breathing or breathes fast
- Has skin that looks blue
- Is not drinking enough
- Seems confused, will not wake up, does not want to be held, or has seizures (uncontrolled shaking)
- Gets better but then worse again
- Has other conditions (like heart or lung disease, diabetes) that get worse

## What can I do to prevent the spread of germs?

The main way that the flu spreads is in respiratory droplets from coughing and sneezing. This can happen when droplets from a cough or sneeze of an infected person are propelled through the air and infect someone nearby. Though much less frequent, the flu may also spread through indirect contact with contaminated hands and articles soiled with nose and throat secretions. To prevent the spread of germs:

- Wash hands often with soap and water.
- Cover mouth/nose during coughs and sneezes. If you don't have a tissue, cough or sneeze into your upper sleeve, not your hands.
- Limit contact with people who show signs of illness.

- Keep hands away from the face. Germs are often spread when a person touches something that is contaminated with germs and then touches his or her eyes, nose, or mouth.

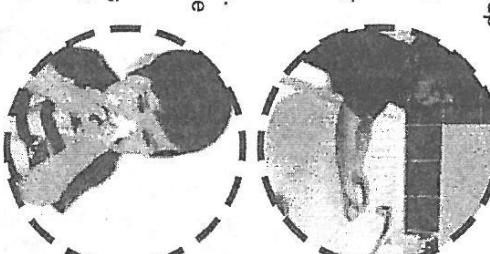

## How can I protect my child from the flu?

A flu vaccine is the best way to protect against the flu. Because the flu virus changes year to year, annual vaccination against the flu is recommended. The CDC recommends that all children from the ages of 6 months up to their 19th birthday receive a flu vaccine every fall or winter (children receiving a vaccine for the first time require two doses). You also can protect your child by receiving a flu vaccine yourself.

## When should my child stay home from child care?

A person may be contagious and able to spread the virus from 1 day before showing symptoms to up to 5 days after getting sick. The time frame could be longer in children and in people who don't fight disease well (people with weakened immune systems). When sick, your child should stay at home to rest and to avoid giving the flu to other children and should not return to child care or other group setting until his or her temperature has been normal and has been sign and symptom free for a period of 24 hours.

For additional helpful information about the dangers of the flu and how to protect your child, visit: <http://www.cdc.gov/flu/> or <http://www.immunizeflorida.org/>

## Expulsion Policy

Unfortunately, there are sometimes reasons we have to expel a child from our program either on a short term or permanent basis. We want you to know that we will do everything possible to work with the family of the children) in order to prevent this policy from being enforced.

**Parents and students at PLG Kids Academy are expected to satisfy all of the following:**

- Know that being part of our school community is a privilege and not a right.
- Attend school with neat and appropriate attire.
- Proper behavior (See discipline policy)

The school reserves the right to immediate termination of a child, unless the parent is able to provide a solution or remedy to the problem.

**The following are reasons we may have to expel or suspend a child from this center:**

### **Immediate Causes for Expulsion**

- The child is at risk of causing serious injury to other children or him/herself.
- Parent threatens physical or intimidating actions towards staff members.
- Parents exhibits verbal abuse to staff in front of enrolled children.

### **Parental Actions for Child's Expulsion**

- Failure to pay/habitual lateness in payments.
- Failure to complete required forms including the child's immunization records.
- Habitual tardiness when picking up your child.
- Verbal abuse to staff/other members of the school community.
- Parent threatens physical or intimidating actions toward staff members/other members of the school community.
- Poor standards of food hygiene (parents and/or children)
- Failure to provide necessary supplies (diapers, wipes, clean linen of clothing, etc.)
- Habitual failure to comply with center's policies.
- Failure to find adequate solutions to problems raised by school administrators regarding your child in a timely matter.

### **Child's Actions for Expulsion**

- Failure of child to adjust after a reasonable amount of time.
- Uncontrollable tantrums/angry outbursts.
- Ongoing physical or verbal abuse to staff or other children.
- Excessive biting.
- Unable to toilet train to transition to our three year old program.

Prior to expulsion, a parent will be called and correspondence will be sent home indicating what the problem is, and every effort will be made by both the center and the parent to correct the problem. If, after a warning is issued, depending on the risk to other children's welfare or safety, behavior does not improve, and the center finds that they can no longer accommodate the child, the parent will be asked to remove him/her. Depending on the risk to others (children or school member's welfare or safety) the parent will be given a discretionary time to find another center to provide care for this child.

**During the 2018 legislative session,** a new law was passed that requires child care facilities, family day care homes and large family child care homes to provide parents, during the months of April and September each year, with information regarding the potential for distracted adults to fail to drop off a child at the facility/home and instead leave them in the adult's vehicle upon arrival at the adult's destination.

## ⚠ PREVENTION TIPS:

- Never leave your child alone in a car and call 911 if you see any child locked in a car!
- Make a habit of checking the front and back seat of the car before you walk away.
- Be especially mindful during hectic or busy times, schedule or route changes, and periods of emotional stress or chaos.
- Create reminders by putting something in the back seat that you will need at work, school or home such as a briefcase, purse, cell phone or your left shoe.
- Keep a stuffed animal in the baby's car seat and place it on the front seat as a reminder when the baby is in the back seat.
- Set a calendar reminder on your electronic device to make sure you dropped your child off at child care.
- Make it a routine to always notify your child's child care provider in advance if your child is going to be late or absent; ask them to contact you if your child hasn't arrived as scheduled.

## FACTS ABOUT HEATSTROKE:

It only takes a car **10 minutes to heat up 20 degrees** and become deadly.

Even with a **window cracked**, the temperature inside a vehicle can cause heatstroke.

The body temperature of a child increases **3 to 5 times faster** than an adult's body.
